Community Giving Campaign

When we choose to help, to contribute, to reach out, that's when we create change. Each act of compassion and generosity has the power to transform lives, enabling individuals in our community to recover from crises, rebuild what was lost, and envision a brighter future. By making your annual contribution to the United Way of Southwest Wyoming, you're not just giving a donation; you're giving hope and the opportunity for change.

Together, we can create strong starts for children, provide safe homes and warm meals, and support the independence of our senior citizens. Every pledge counts, and every dollar has the potential to uplift our friends and neighbors.

As part of this year's workplace campaign, we invite you to join us in this meaningful journey. Your involvement can lead to significant change, making our community a better place for everyone. Together, let's make a difference—please consider making your pledge today!
